What is the Silver Strikers Club?

The non-profit Silver Strikers Club was formed in 1999 to promote good will and closer relationships among collectors of Silver Strikes. The club has a longstanding affiliation with the Casino Chip and Gaming Token Collectors Club, Inc. (CC&GTCC). Both organizations combine their annual conventions in Nevada.

Visit the club's web site, www.silverstrikers.com for additional information. Complete the application to join the Silver Strikers Club!

How long has the Four Queens Hotel & Casino offered Silver Strikes?

The Four Queens joined the Silver Strike program in 1996 and have issued more than 150 different strikes in $10, $200, and $300 denominations to date.

The themes engraved on the Four Queens strikes have included famous queens, the military, cars, the west, various holidays and events.

Members of the Silver Strikers Club elected the Four Queens "Queen of Halloween" as the 2011 Silver Strike of the Year and in 2003 "Roulette Woman" won the club's Hall of Fame award for 2011.

The Four Queens is a proud sponsor of Silver Strike tournaments and special events in partnership with the Silver Strikers Club.

Happiness is collecting Silver Strikes!

What is a Silver Strike?

Silver Strikes are limited edition silver tokens in plastic cases won from slot machines. They were introduced by casinos in the Reno/Tahoe area of Nevada in 1992.

Silver Strikes have been issued in denominations of $2, $3, $7, $10, $20, $28, $40, $200, and $300.

The Silver Strikes in slot machines today are all $10 denominations. The $300 Silver Strikes, when available, are obtained by redeeming 30 ten dollars strikes at the casino cage.

Red and blue color capsules, with $10 Silver Strikes, are "chase" strikes. Minted in limited quantities, these strikes are placed randomly among the strikes, in clear capsules.

The Nevada Gaming Control Board approves the casino design and minting specifications for Silver Strikes.

Visit the Silver Strikers Club web site, www.silverstrikers.com for locations of Nevada casinos with Silver Strike machines.

How many different Nevada Silver Strikes have been issued? Is there a list?

Since 1992 thousands of different Nevada Silver Strikes have been issued in various denominations by many Nevada casinos. They are all listed in the "Comprehensive Silver Strike Reference Catalog," with year of issue, silver weight and auction prices.
Visit wcohenour@earthlink.net for information.

What is the silver content of Silver Strikes?

The silver content of $10 Silver Strikes is approximately .50 to .60 ounces. Beginning in late 2008 the centers of $10 Silver Strikes, in clear capsules, were changed to clad (brass insert silver plate) and have no .999 silver markings. Red capsule strikes still have a .999 silver content.

The silver content of a $200 Silver Strikes is 12 ounces (1 Troy pound).

Beginning in 2011 the silver content of $300 Silver Strikes was changed to 6 ounces with a silver plated copper ring.
