Status: Legal Tender

AMERICAN NATIONAL MINT

The *End of the Trail* sculpture was created by James Earl Fraser in 1915 as a literal and symbolic portrayal of the hurt felt by American Indians and their exploitation. The sculpture gained popularity at the 1915 Panama-Pacific International Exposition, then the statue was commissioned in 1929 as a tribute to Native-Americans. Today it is located in Waupin, Wisconsin, as well as a copy at Winona State University.
